

# Ozo-Plus Ozone Generator

STRONGEST DISINFECTANT AND OXIDISING AGENT  
For pools & spas, water features, and biological filtration

## System Features

1. Simple to install and easy to operate
2. Compact design suitable for installation in limited plant room space.

## Ozone Technology

1. Up to 3,000 times more powerful as a disinfectant than chlorine.
2. Kills off all bacteria, viruses, and fungi in 0.05ppm without toxic residues.
3. Enhances the effectiveness of sand filter filtration to a crystal-clear water through direct oxidation and decomposition of organic waste.
4. Ozone kills bacteria within 1-10 seconds by oxidative bursts occurring over the cell wall during contact, and the cells die.

# How it works

The system consists of a corona discharge ozone generator and an automatic air dryer unit which can be used in combination to give ozone outputs from 4 – 8 g/h.

Ozone is produced when the air is passed over a ceramic dielectric ozone generating module containing a stainless steel electrode. The module is powered by a high voltage/high frequency power board. Ozone is injected through a water driven venturi which ensures maximum safety against ozone gas leakage.

The air dryer unit contains twin desiccant dryer columns which are automatically heat regenerated controlled by a programmable relay system. When the air dryer system is used, the normal output of the generators is doubled.

## Advantages of using ozone in pool

1. Reduces the use of chlorine or bromine by up to 90%
2. Highly effective against chlorine resistant pathogens, such as cryptosporidium & giardia
3. Reduced skin and eye irritation
4. Very low trihalomethanes levels
5. By flocculation effect, water clarity is significantly improved.

## OZONE FORMATION

## Product Dimensions and Materials

1. Ozone Generator: mild steel epoxy coated cabinet
2. Cell: Ceramic Tube and 316SS Electrode
3. Air Dryer: mild steel epoxy coated cabinet
4. Dual desiccant array is designed to create negative pressure which is regenerated during heat exchange automatically.

Ozone Plus Model	L x W x H	
	mm	inch
Ozone Generator	230 x 180 x 540	9 x 7.1 x 21.3
Air Dryer	390 x 180 x 540	15.4 x 7.1 x 21.3

## Accessories

1. Degassing system
2. Booster pump

## Product Information

Code	System Model	Ozone Generator Unit	Air Dryer Unit	Ozone Output (g/h)	Air Flow (l/m)	Ozone Concentration (mg/l)	Maximum Pool Volume (m3)
931135798	OZG-4G	1	1	4	10-15	3.5-4.5	200
931135799	OZG-8G	2	1	8	25-30	3.5-4.5	400
